Summary

Full time Student attending the University of Calgary currently taking my B.S. in Computer Science, concentrating in InfoSec. My interests include Cyber Security, Game Development, and Woodworking.

Education

University of Calgary - Sept '19 - April '23' (Prospective)

Currently taking my B.S. in Computer Science

Work Experience

Student Infrastructure Support Analyst - CRA/CBSA - May '21 - Current

Currently, I am a Student Infrastructure Support Analyst for the CRA, specifically CRA IT Support for the CBSA. My duties include delivering, integrating, enhancing, maintaining, and supporting the operation of IT infrastructure and services for the CBSA. I also provide technical advice to my co-workers and clients, as well as investigate and resolve software and hardware issues.

Skills & Tools

- Experience with Java, Python, and C/C++
- Extensive Woodshop Skills and Maintenance Skills

Volunteer Experience

- Kindergarten Youth Reader - 2015 - 2016
- Mustard Seed Kitchen Assistant Volunteer - 2015 - ongoing
